1/32 ELECTRIC RACING SET

POLICAR, the brand that was synonym of slot car racing in Italy in the 60's, returns with innovative solutions for a completely new track system. **POLICAR's** new design and ideas bring back the fun and excitement of slot car racing! Lanes are set apart by 9 cm, the ideal lane spacing for 1/32 racing, and the surface texture is good for rubber and sponge tyres alike. The 6 cm extra wide borders slide securely into the side of the track, and the guardrail are kept firmly in place. Rails are made of stainless steel.
